

IN THE CLAIMS:

1. (original) An asparagine-linked disialoundecaoligosaccharide-fatty acid amide.

2. (original) An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 1 wherein the fatty acid is one having 8 to 24 carbon atoms.

3. (original) An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 2 wherein the fatty acid is one having 10 to 22 carbon atoms.

4. (original) An asparagine-linked disialoundecaoligosaccharide-fatty acid amide according to claim 3 wherein the fatty acid is at least one selected from the group consisting of capric acid, lauric acid, myristic acid, palmitic acid, stearic acid, arachic acid, behenic acid and oleic acid.

5. (currently amended) A composition comprising asparagine-linked disialoundecaoligosaccharide-fatty acid amide of ~~any one of claims 1 to 4~~ claim 1, and a pharmaceutical additive.

6. (original) A composition according to claim 5 wherein the pharmaceutical additive is at least one selected from the group consisting of lactose, glycerin, glucose, sucrose and mannitol.

7. (original) A drug containing the asparagine-linked disialoundecaoligosaccharide-fatty acid amide.

8. (original) A drug comprising at least one selected from asparagine-linked disialoundecaoligosaccharide-fatty acid amide and asparagine-linked disialoundecaoligosaccharide, and a pharmaceutical additive.

9. (currently amended) A drug according to ~~claim 7 or 8~~ claim 7 which is a drug for preventing and/or curing virus diseases.

10. (currently amended) A drug according to ~~any one of claims 7 to 9~~ claim 7 which is a drug for preventing and/or curing influenza virus infectious diseases.

11. (new) A composition comprising asparagine-linked disialoundecaoligosaccharide-fatty acid amide of claim 2, and a pharmaceutical additive.

12. (new) A composition comprising asparagine-linked disialoundecaoligosaccharide-fatty acid amide of claim 3, and a pharmaceutical additive.

13. (new) A composition comprising asparagine-linked disialoundecaoligosaccharide-fatty acid amide of claim 4, and a pharmaceutical additive.

14. (new) A composition according to claim 11 wherein the pharmaceutical additive is at least one selected from the group consisting of lactose, glycerin, glucose, sucrose and mannitol.

15. (new) A composition according to claim 12 wherein the pharmaceutical additive is at least one selected from the group consisting of lactose, glycerin, glucose, sucrose and mannitol.

16. (new) A composition according to claim 13 wherein the pharmaceutical additive is at least one selected from the group consisting of lactose, glycerin, glucose, sucrose and mannitol.

17. (new) A drug according to claim 8 which is a drug for preventing and/or curing virus diseases.

18. (new) A drug according to claim 8 which is a drug for preventing and/or curing influenza virus infectious diseases.

19. (new) A drug according to claim 9 which is a drug for preventing and/or curing influenza virus infectious diseases.

20. (new) A drug according to claim 17 which is a drug for preventing and/or curing influenza virus infectious diseases.
